Nicci came with some good news for the commissioners. The counties cyber insurance binder came back, and the premium reduced from \$23000 to \$15,523.63. Nicci said that this is from the hard work that Eagle Point put into implementing new things.

Animal Control reached out about the use of county owned vehicles for personal use. Nicci had reached out to insurance and our policy does not restrict passengers, but it does increase our exposure to incidents and adds extra liability to the county. They recommend we do not allow it, but it is up to the commissioners to make the decision. In our handbook it only allows sheriff's deputies to use the vehicle for personal use. Shane made a motion to table this discussion, Bob seconded the motion, passed unanimously. The counties' part time maintenance position was supposed to only be for 3 months. He has been in this position for 18 months now and he hasn't received any additional compensation. Shane said he feels like we owe him a raise. Alex said we will schedule an executive session for after the June 6th meeting.

Matt said that Mr. Bradshaw has performed an assessment of what it will take to repair the bridge. Matt explains that the bridge will be repaired in four days.

Michelle with Animal Control submits a bid to commissioners for new kennels. The current kennels are rusted and in need of repair/replacement. Shane asked if they had been to council yet, and Michelle stated that she would be on the agenda for the June meeting.

Shane made a motion to approve contingent to the council finding the funding. Bob seconded the motion, passed unanimously.

Sarah was presented with the request from an individual to rent the show arena for a circus. Alex asked if they sent a contract or a rental agreement. Sarah said the first intent was to get permission first. Matt said that he doesn't believe this would draw a good crowd. There is only one pony and they do not have much to offer. Shane made a motion to deny this request, Bob seconded the motion.

The Auditor submits a quote to the commissioners for a new copier for her office. The current copier is 8 years old and there have been numerous issues with it. The new copier will have a cost savings of \$793.00 per year. We will also get a second black and white copier free, with a maintenance agreement. Shane made a motion to approve, contingent on the council finding the funding for it. Bob seconded the motion, passed unanimously.

Sarah also presents a quote to the commissioners for three additional cameras. The quote is \$412.00 and that includes the trade in value for our old system. The sheriff has also told Sarah that we would need to place no trespassing signs at the community building. With the support from the military in leasing the fairground property, we have the funding for some upgrades. Bob seconded the motion, passed unanimously. Shane said he is ok with making the improvements so that it is more appealing for people to use it. Shane made a motion to approve up to \$3800.00 on the flooring, Bob seconded the motion, passed unanimously. Matt would like to look at the back room and see what it is going to take for the remodel, so this will be tabled until the next meeting.

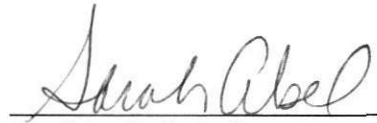

Shane said that he drove through the county park and that the NO Climbing Signs had not been put up. We ordered these signs, and they were given to Jim Reeves to put up. Under the direction of Matt, Jim gave these signs to Mr. Martin. Shane states, "Do they not think we are serious?" Alex to work on this issue.

Alex presents the JNRU ordinance that will direct the highway to start with a survey so that it can come out of the JNRU property. Matt asks who will be paying for the survey.
